71 Crawford St.
Newark N.J. 2

Dear Yancy:

What has happened? I arranged for the tickets one week ago today, and have sent you two cables since.

I asked you to wire me collect, or call me on the phone Market 3-2641 collect.

We leave Newark Thursday for a road trip, and I was very anxious to have the men with us, as we are playing all the tough teams. If they arrive while the team is on the road they can be sent to join the club, but I wish I know what to plan for.

If anything has happened that has made them change their minds about comming, please let me know so I can cancell the tickets.

We are in second place now in the league standings, and I guess I am very anxious for these men because you said they were so good.

Please call wire or write me something, as this suspense is upsetting.

I hope things are going good for you. When do you expect to come back for a visit? It would be nice if you could see all the men you have sent in action. The pitcher you sent Pompez looks very good.

PLEASE let me hear from you.

Very Truly Yours
